November 2022

## AIM for Seva Managed Shamlaji Hospital Progress November 2022

We view Shamlaji Hospital as a Non-Profit Mission, an honor and a responsibility, done with Integrity.

In our close to twenty years of Mission Work History, providing Health Care to unreached patients in remote tribal areas, we all feel honored to be helpful to our patients.

Our ever ready team of staff, from Medical to Sanitary levels, has the ultimate goal of providing services to patients, with skill and compassion, equally to ALL. We serve a population of around 100,000 in the surrounding 80 to 100 villages. The village of Shamlaji is a hub for their small businesses, for farming and household requirements.

### New Equipment Addition

The latest 100 MA portable X-ray machine of GE was purchased for better quality images. The machine is movable so that in some emergency situation when the patient cannot move, the machine can be brought to the patient.

### Meeting with ASHA (Accredited Social Health Activists) workers (Government Community Workers) Discussing Plans to Improve Mother and Child Health Programs

## Hospital Out Patient Services- General Medical Out Patients

Four full time Medical Officers Examine and Treat 250 to 300 patients a day, in the morning from 8:30am to 12:30pm, and in the afternoon from 3:30pm to 5:30pm.

Outdoor Patient Department DATA
